

## Alcohol and Pregnancy - A Mothers Responsible Disturbance

Do you know children who have behavioural problems? If the answer is yes, then you must read this book! Alcohol & Pregnancy - A Mothers Responsible Disturbance is a must-read for parents and health professionals, and is an account of how prenatal alcohol exposure can have dramatic affects on childrens health and wellbeing. Elizabeth Russell uncovers the circumstances that lead to both her children being diagnosed with Fetal Alcohol Spectrum Disorder, (FASD), a condition that occurs when a pregnant woman consumes alcohol. The author is a recovering alcoholic, and her drinking resulted in permanent damage to her sons in ways she couldnt possibly imagine. Their symptoms include: O Attention Deficit Disorder/ ADHD O Dropping out of school O Serious problems in employment O Suicide attempts O Drug and Alcohol abuse O Depression, poor social behaviour, speech disorders,

behavioural problems and more The author outlines her struggle to obtain an accurate diagnosis and the resultant strategies that assisted her sons to achieve their potential. A brutally honest account of one familys journey, Alcohol &

Pregnancy - A Mothers Responsible Disturbance will educate readers and amaze health professionals from all fields. This book gives a human dimension to an insidious and life-threatening condition that has been largely ignored in Australia by government and health workers alike.
