

Dear Papa: Letters to My Father

...the glory of children are their fathers.
 --Proverbs 17:6 Fathers Day is a very special day for fathers and their children. Unfortunately, it only comes around once a year. On this day, fathers are recognized and honored by those who love them the most--their children. However, in my opinion, fathers should be honored and celebrated every day of the year. Fathers who choose to stay in the lives of their children and who help to improve the lives of their children should not just be honored on one day, but on every day... May I encourage you not to take your father for granted. Show love and appreciation to him while you are together. And remember that fathers day is not just one day out of the year, but should be celebrated every day!
