

# Fairy Dust: One Moms Story of Finding the Courage to Confront Teenage Drug Use

What would you do if you suspected that your teenager had gone from experimenting with drugs to addiction? Fairy Dust is not just another story about addiction. It offers parents and clinicians a raw and rare glimpse into the inner thoughts of a drug-using teens mom. With unflinching intimacy, Katherine talks about her doubts, fears, and desperate attempts to fix things. In real time, she shares how she made sense of her experiences, how life doesnt always end up the way you planned and what you do with that ultimately defines you.
