

Practical Guide for Imparting the Faith: Comprehensive Catechesis

Those involved in catechetical and parish ministry will find the model set forth in these pages one that will enable them to better impart the faith and make it come alive in the hearts and lives of those with whom they share it. Drawing heavily on the Church's documents and the teachings of the bishops following the Second Vatican Council, the book takes a theological concept and applies it to practical experience. Faith is a gift of God; nurturing it is our gift to Him. This book shows how we can do that most effectively.
