

The Heart of Wisdom Teaching Approach: Bible Based Homeschooling

Created for all homeschoolers that want to make the Bible the center of their school day. The Heart of Wisdom Teaching Approach is a combination of several popular homeschool methods: Hebrew education methods, Charlotte Mason, delight directed, thematic unit studies, lifestyle of learning, learning styles, writing to learn and notebooking. Sampson provides you with the methods, program, and resources for a course of study where students spend half the school day studying Gods Word and the other half studying Gods world (academics). Students study history chronologically and science in the order of the days of creation. This book will instruct you, step by step, how to give your child a Bible focused, comprehensive education from preschool through high school; one that will train him or her to read, to study, to understand, to love to learn and most importantly to desire and seek true wisdom. This approach can be used for all grade levels. Author Robin Sampson, homeschool mother of eleven is a popular author of a dozen homeschool and Bible study books.
