

HUMIC SUBSTANCES: STRUCTURES, (Special Publications)

The properties of humic substances in plants, soils and sediments regulate the environment and affect all aspects of life, yet they are nature's least understood materials. Current work in this field in the late-1990s applies front-line instruments and techniques to solve the 200-year old mystery of humic substance structures and their relationships to macro- and microscopic properties. This book highlights environmental processes from a molecular viewpoint, focusing on the use of chemical and physical methodology to explain this complex subject matter and emphasizing up-to-date research. It covers aspects of biology, chemistry, physics and physiology of humic substance macromolecules, includes the very latest in high level molecular modelling and teaches techniques of particular relevance to agriculture and agronomy.

Revive your spirit. Restore your body. Discover your style.

Home Salon and Spa Services Employment Contact us

Feel free to make a reservation Open Mon -Thu: 9:00am – 6:00pm | Fri – Sat: 9:00am – 7:00pm

Spa Services

We offer an extensive menu of spa services to restore your body and revive your spirit.

Salon Services

From cut, color, styling, texturizing and extensions, we offer a variety of services to fulfill your needs. Discover your style.

Facial Services

Revive your spirit. Restore your body. Discover your style.

Men's Services

From cut, color, styling, manicures and pedicures, we offer a variety of services to fulfill your needs. Discover your style.
