

Marriage as Covenant: Considering Gods Design at Creation and the Contemporary Moral Consequences

Marriage as Covenant examines the nature and meaning of marriage as an order of creation. The book questions whether or not there is evidence in Genesis for believing God made marriage to be a covenant relationship; and if so, how does it affect the way one understands moral boundaries surrounding marriage? The book also questions what did God expect of Adam with respect to Eve, and what did he expect of Eve in relation to Adam?
