

## Grace Happens

Emotionally and spiritually bankrupt, he entered an Atlanta treatment facility where he spent five months in an intensive recovery program. Only through an arduous and emotional process was he able to address his disease and its underlying causes. Grace Happens is the true story of a mans struggle with addiction and the subsequent journey through recovery to freedom spotted with events that some might consider coincidence, but recognized by the recovering and clean addict as Gods grace manifested through the men and women with whom we interact on a daily basis. Grace Happens, will you accept it?
