

Omics in Plant Breeding

Computational and high-throughput methods, such as genomics, proteomics, and transcriptomics, known collectively as -omics, have been used to study plant biology for well over a decade now. As these technologies mature, plant and crop scientists have started using these methods to improve crop varieties. *Omics in Plant Breeding* provides a timely introduction to key omicsbased methods and their application in plant breeding. *Omics in Plant Breeding* is a practical and accessible overview of specific omics-based methods ranging from metabolomics to phenomics. Covering a single methodology within each chapter, this book provides thorough coverage that ensures a strong understanding of each methodology both in its application to, and improvement of, plant breeding. Accessible to advanced students, researchers, and professionals, *Omics in Plant Breeding* will be an essential entry point into this innovative and exciting field. A valuable overview of high-throughput, genomics-based technologies and their applications to plant breeding. Each chapter explores a single methodology, allowing for detailed and thorough coverage. Coverage ranges from well-established methodologies, such as genomics and proteomics, to emerging technologies, including phenomics and physiomics. Aluizio Borem is a Professor of Plant Breeding at the University of Vicosa in Brazil. Roberto Fritsche-Neto is a Professor of Genetics and Plant Breeding at the University of Sao Paulo in Brazil.

Revive your spirit. Restore your body. Discover your style.

Home Salon and Spa Services Employment Contact us

Feel free to make a reservation Open Mon -Thu: 9:00am – 6:00pm | Fri – Sat: 9:00am – 7:00pm

Spa Services

We offer an extensive menu of spa services to restore your body and revive your spirit.

Salon Services

From cut, color, styling, texturizing and extensions, we offer a variety of services to fulfill your needs. Discover you style.

Facial Services

Revive your spirit. Restore your body. Discover your style.

Men's Services

From cut, color, styling, manicures and pedicures, we offer a variety of services to fulfill your needs. Discover you style.
