

## By the Brick

By The Brick builds toward a personal revival of faith and godly action based on the truths revealed in the book of Nehemiah. Readers will be encouraged to carefully consider their choices and their decision-making process. The circumstances of contemporary life are related to the Biblical narrative for the purpose of drawing out lessons that may be readily applied to the challenges and obstacles that rise up before every Christian. As each success is realized, the reader will be strengthened in faith and prepared for victory when the next struggle is encountered.
